PERSONNEL LITERATURE INDEX

Foreword

This is a detailed Name-Subject index to the 1986 monthly issues of Personnel Literature. The name list includes personal and corporate authors and added entries for contributors to books of readings or others having secondary responsibility for the material.

The numbers in the Index refer first to the month of the issue and then to the specific item in that issue. (The entry numbered 5-162 refers to the May issue, item 162.)
